Contact your local Computer Troubleshooter.

BlackBerry Professional Software. Secure mobility for up to 30 team members.

Plan. Compete. Strive. Win. BlackBerry® Professional Software and BlackBerry® smartphones can help your small business achieve big dreams. Your team gets secure wireless access to email, calendar, address books and data as well as the ability to download and edit documents wherever they go. Your data is protected by the same advanced security features governments depend on. And it's easy to use. Simple to install and manage, the software runs on Microsoft® Exchange, IBM® and Lotus® Domino® and provides a clear path for upgrades – you won't even need specialized IT support. That means more time and resources for achieving those dreams.

 **BlackBerry®**

Participating Computer Troubleshooters locations only. Customer must have existing Microsoft Exchange Server with current service packs (as defined by RIM). BlackBerry licences and carrier plans must have previously been purchased – licence numbers must be available on site. Customer Server and BlackBerry handsets must be in good working order and available on site where installation is to take place. Additional charges may apply in circumstances where the customer's equipment or systems require additional remediation. Computer Troubleshooters maintains the right to withdraw this offer without notice. ©2009 Research In Motion Limited. All Rights Reserved. BlackBerry®, RIM®, Research In Motion®, SureType®, SurePress™ and related trademarks, names and logos are the property of Research In Motion Limited and are registered and/or used in the U.S. and countries around the world.
